LEVERETT GODDARD

DESCRIBES SENTIMENTS OF BOYS
IN NAVY AND EAGERNESS
TO GET TO FRANCE

Leverett Goddard, of 617 West Park avenue, who enlisted in the Navy and has been stationed at Mare Island for about eight months, arrived in Tropico last Sunday on a fifteen days' furlough which he is spending with his parents and friends. He has been fitting himself for rating as an electrician at the school which the Navy maintains at Mare Island and has twenty weeks more of study before taking his examinations. He is working for the "second class rating" and if he passes the examination will be made a petty officer with monthly pay of \$52. He will then probably be sent to European waters and will see service as an electrician on either a destroyer or a submarine.

Like most of the boys in the Navy he has taken out \$10,000 of army insurance on which the monthly premiums, which are deducted from their pay, amount to \$6.40, or about \$75 per year. In the event of their death this insurance is paid by the government to their beneficiaries at the rate of \$100 per month until the debt is discharged. This system does away with pensions and is popular with the boys because it is so sure. Nearly all the boys have bought liberty bonds, also, and the payments for these are taken out of their pay monthly.

Leverett says he has never been sorry for even a moment that he enlisted, and wouldn't be seen in civilian dress for anything. All the men, he says, feel as he does and are eager to get to France. They realize it is serious business but they do not think about that they are so anxious to get over there and do something, and have some excitement. They want to get right into the thick of it.

Nearly all the men have taken memberships in the Red Cross. Their money "comes easy and goes easy," according to Leverett, and they are always ready to help out whenever there is a call for the Red Cross.

Leverett received his Christmas box from the Yuletide Committee before he left Mare Island and was delighted with it. The dollar express order which it contained he has invested in a Red Cross membership with the Tropico Auxiliary. All the boys enjoyed getting the boxes.

HOLIDAY TEA PARTY

A delightful "get together" tea party was given Saturday afternoon by Miss Evangeline Hunchberger at the home of her parents, 344 Central avenue. It was in honor of the college girls who were formerly fellow students in Glendale High and who are now at home for the holidays. The house was beautifully decorated with Christmas greens and holly, and though there was nothing exciting provided in the shape of a program, all the guests enjoyed themselves immensely, visiting together while their fingers were busy with needlework or Red Cross knitting. The fortunate guests were: Florence Heacock, Mildred Wight, Catherine Crawford, Margery Imler, Hilda Englehart, Katherine Renshaw, Ernestine Lyon, Esther Shrempt, Mary Wilkins, Carrie Stone, Margaret and Betty Gregg, Waunita Emery, Catherine Phillips.

MORE CONSERVATION

Beginning January 1, grocers are forbidden to sell to any customer living in the same city more than five pounds of sugar at a time, nor more than 50 pounds of flour. Country customers may buy 10 pounds of sugar, and 100 pounds of flour. There is said to be a real shortage in these two commodities, but careful conservation will prevent a famine in them. The people in general are entering heartily into all movements for conserving supplies and dealers are doing likewise. Even more drastic regulations than the above have been in force already in some Eastern cities with excellent results.

FROM THE HOOISER STATE

Jacob Merz and wife who recently came to California from Muncie, Indiana, visited Fred Thompson and family, 1314 W. Fifth, old neighbors of theirs in Muncie, last week. Mr. Merz, who was in the shoe business in Muncie and before coming out here engaged with the Mishawaka Woolen Co., to make a three months' trip in Central and Northern California to sell rubber boots, felts, etc. On his return he and his wife will look up a residence location and it will probably be Glendale, as they are very much in love with our little city.

GRAND JURY'S WORK

DUE TO CONSCIENTIOUS ENDEAVOR AND EXCELLENT TEAM WORK

In a recent interview with Merritt Ludden, of El Bonita avenue, relative to the important investigations and recommendations made by the recently discharged Grand Jury, of which he was secretary, he was asked to what he attributed the large amount and excellent character of the work performed.

"It was the combination of men," he declared. "It would be hard to ever find nineteen men who would do such splendid team work, or men of such calibre, for all were above the average in intelligence and all were consciously determined to do their full duty."

The most important work of the Jury in Mr. Ludden's opinion, was its investigation of County finances, which were and still are, in bad shape though the present Board of Supervisors is endeavoring to remedy conditions. The reports of County Treasurer and County Auditor showed that the Supervisors had exhausted the general fund by reckless expenditures and then taken moneys from trust funds to the amount of \$1,860,000. The county treasury is still short and the supervisors were not ignorant of conditions.

According to Mr. Ludden, the Grand Jury found the auditing department quite inadequate to handle the tremendous business of the county and one of its recommendations was that an expert accountant of good executive ability who would be able to coordinate all departments, be put in charge of the office, even though it should be necessary to pay a salary of \$10,000 a year. The whole financial system must be reorganized, in the opinion of jury members.

The jury also found that the original bond of the County Treasurer had not been renewed, that it was for only \$150,000 and was signed by private parties, one of whom is dead.

They recommended that the bond of a surety company be required and that the amount be increased to \$250,000.

They likewise investigated the finances of Venice and found them in bad condition owing to an utter disregard of the law which forbids municipalities from spending more money in any one year than the revenues of that year.

In connection with County affairs the jury censured the Road Department for yielding to the pressure brought to bear by large property owners and building costly roads in districts so thinly settled that the expense to the county was not justified. Roads in La Canada and in Santa Monica Canyon were specific instances.

HOLIDAY DANCE

Miss Irene Ward was the young hostess at a very pretty dancing party given Saturday evening at the home of her parents, 618 Gardena avenue, where a lively crowd of young people thoroughly enjoyed themselves. Christmas decorations of holly and poinsettias gave a festive air to the scene and made a holiday setting for the function.

The guest list numbered friends from Los Angeles as well as Greater Glendale and included the following: Marguerite Blake, Gladys Goddard, Edna Van Battum, Annie Hanson, Geneva Martin, Ivy Mills, Mrs. John Millgrav, Mrs. Howard Hill, Ethel Shaw, Mrs. Leslie Eames, Clarence Ralston, Raymond Fansett, Howard Hill, Eustace Rawley, John Millgrav, Kenneth Jackson, Leverett Goddard, Lehron Spear, Dr. Leslie Eames, O. Athey, and Edward Moniot.

ANNUAL MEETING

According to established custom, the members of the Christian church will meet in annual gathering this evening. Reports of all the activities of the church and Sunday School for the year will be read, the roll of members called, election of officers held and a program of songs and readings enjoyed. Then refreshments will be served and all who wish will stay and watch the old year out. Every member of the church is urged to be present on this occasion.

BEAUTIFUL TROOP PENNANT

Mrs. P. A. Wells, of 328 South Maryland, has received from her son Neal Wells of Troop I, Eighth Cavalry, a beautiful blue and yellow troop pennant five feet long. It is a beautiful piece of workmanship and very showy. Some of the 8th Cavalry participated in the clash across the border on Christmas day and Neal may have been included. His mother has not had time to hear from him since the incident.

BREST-LITOVSK CONFERENCE ADJOURS

DELEGATES RETURN WITH AGREEMENT LOOKING TO SEPARATE PEACE TO SUBMIT TO HOME GOVERNMENTS

(Special Service to Glendale Evening News)

AMSTERDAM, December 31.—The Brest-Litovsk conference adjourned today temporarily with an agreement looking toward a separate peace between Russia and Germany, the terms of which are ready to be submitted to the government by both sides.

The agreement is substantially that Russia will withdraw from all occupied portions of Austria, Turkey and Persia if the Central powers will do likewise in Poland, Lithuania and other portions of Russia. The people of these sections are to be given the opportunity to decide their own future status.

The delegates jointly agree to free commercial intercourse, the release of war prisoners and the payment of damages by occupying troops. This means virtually the restoration of the status quo ante.

INCREASED WAGES FOR R. R. EMPLOYEES

PRESIDENT WILSON AND RAILWAY BROTHERHOOD REPRESENTATIVES COME TO AGREEMENT

(Special Service to Glendale Evening News)

WASHINGTON, December 31.—Director General McAdoo will pay his 1,500,000 employees more money the coming year.

This agreement between President Wilson and the leaders of the four great railroad brotherhoods was reached today. It will cover an increase for all employees whether members of the Brotherhoods or not. The government will not meet the full 40 per cent increase demanded, but an agreement is assured.

ALLIES WILL NEGOTIATE PEACE

INTEND TO RESPOND TO PEACE ADVANCES FROM CENTRAL POWERS IS REPORT FROM LONDON TODAY

(Special Service to Glendale Evening News)

LONDON, December 31.—The Allies intend seriously to respond to Teutonic peace terms as announced from the Brest-Litovsk conference, according to the best information obtainable this afternoon by the United Press.

ALLIED DIPLOMATS RECOMMEND PEACE MOVE

BELIEVE ALLIED PARTICIPATION IN CONFERENCE ONLY THING TO STOP RUSSIAN SEPARATE PEACE

(Special Service to Glendale Evening News)

STOCKHOLM, December 31.—Several Allied diplomats will recommend to their respective governments that they participate in the conference which would proclaim the concrete general peace policy of the allies, the United Press learned authoritatively today.

This recommendation is made with the belief that such a move is the only thing that will stay the separate peace-mad Bolsheviks.

MANY DEAD IN GUATEMALA

EARTHQUAKE LEAVES DEVASTATION AND DEATH IN ITS WAKE IN SOUTH AMERICAN REPUBLIC

(Special Service to Glendale Evening News)

WASHINGTON, December 31.—Between 1000 and 1500 are dead as a result of the Guatemala earthquake, according to estimates furnished the state department today.

Forty per cent of the homes of Guatemala city demolished and all other untenable is the condition prevailing today.

The American legation, the consulate, the postoffice and large churches were all destroyed. Martial law is in effect.

The inhabitants are fleeing the city under continued terrific shocks at 5-minute intervals.

Much of the region between Guatemala city and San Jose, a distance of 75 miles, has been devastated.

The city has a population of 150,000. The suffering is acute.

FRENCH SUCCESS IN ITALY

ALLIED TROOPS CO-OPERATE IN SUCCESSFUL OFFENSIVE BETWEEN AUSTRIA AND DEMON SENDRA

(Special Service to Glendale Evening News)

ROME, December 31.—French troops assumed the offensive for the first time in the Italian war theatre, scoring a notable victory between Austria and Demon Sendra.

The French captured 1300 prisoners, 60 machine guns, seven cannon and considerable other material.

British and Italian airmen co-operated in this victory.

BERLIN ADMITS LOSSES

GERMAN WAR OFFICE ANNOUNCES SUCCESS OF FRENCH INFANTRY AROUND MONTE TOMBA

BERLIN, December 31.—French infantry attacked and penetrated part of the German positions around Monte Tomba, the war office admitted today.

BANQUET AND DANCE

BOYS OF TROPICO FIRE COMPANY ENTERTAIN THEIR FRIENDS

Last Saturday night members of the Tropico Fire company gave a very pretty dancing and card party in the council chamber of the City Hall for which the city trustees granted a permit at their last meeting.

The boys worked hard to prepare the floor for dancing and after they had given it a variety of treatments it was in very nice condition for the trippers of the light fantastic. Red, symbolizing fire, was the keynote in the decorations and was also carried out in the banquet supper which was served at the close of the evening.

The menu was as follows:

Tomato Compote
Chicken Glace
(Garnished with Pimento)
Apple Pie and Cheese Sticks
After Dinner Coffee and Cake
Fromage de Brie Cheese

About fifteen couples enjoyed the dance for which a victrola was requisitioned to furnish the music, and everybody had a very good time. In spite of the color scheme, everybody went home clear headed and nobody "saw red."

PACIFIC DIVISION EXCEEDS ITS QUOTA

Mrs. Mabel Ocker,
Chairman Christmas Drive,
Glendale, Cal.

Dear Mrs. Ocker: No doubt it is of interest to you to know that the Pacific Division has exceeded its quota by thousands. However, it is impossible to determine accurately the margin which we have in our favor, as many of the Chapters having auxiliaries, branches and committeemen at distant points have not given in their final reports.

Your efforts in this campaign have been greatly appreciated by Mr. Marshal Hale, Manager of the Pacific Division. It is cooperation of this kind that brings about victory, and you are, therefore, justly entitled to feel that your part in the Christmas Membership Drive was essential to obtain the desired results.

About seventy per cent of the Chapters in the Pacific Division have already notified us that they intend to continue their efforts until January 1st. This extension of time has been granted by headquarters at Washington, and all members therefore secured up to and including the last day of this year will be credited to the Christmas Membership Drive. We are herewith enclosing a final report to be mailed the evening of December 31st.

Again most heartily thanking you for your splendid work, I am,

Yours sincerely,
W. L. HATHAWAY,
Chairman Christmas Membership
December 26, 1917. Drive.

HOME GARDENING

W. F. Tower informs us that it is the intention the coming year not to wait until March to begin, as was the case last spring, but to take advantage of the first rains to commence work, so that vegetables of all kinds could be coming on as needed. It is hoped to get some kind of a small tractor and plow or a sulky gang plow to be pulled by a light auto and thus expedite the breaking of the ground. It is hoped to secure the planting of every vacant lot the coming year.

HE MADE GOOD

Alvin Sanders, whose wife met a tragic death fifteen months ago when her clothing caught fire from a gasoline explosion at the home, 1421 Ivy, left Glendale some time ago determined to enlist for the war. Word has just been received from him that he is at Kelly Field No. 1, San Antonio, Texas, where he had just passed the trade test and has been appointed as expert engine tester of an aero squadron.

ARE WE OVER THE TOP?

Last week's grocery bulletin of prices of all commodities in that line showed for the first time in many months, fewer advances than declines in prices. Potatoes, syrups and several kinds of smoked meats are in the list of declines. The wisdom of government regulation of certain food staples is evidenced by the present sugar situation. Without it, such a scarcity as now prevails would have sent sugar prices sky high, possibly to 20¢ a pound. A price of 14 cents was freely predicted at this time last year.

WEATHER FORECAST—Fair to night and Tuesday. Northeasterly winds.

A DAY OF FIRES

FIRE DEPARTMENT SPENDS BUSY SUNDAY—BARN BURNS WITH HEAVY LOSS

Sunday was a busy day for the Glendale Fire Department. It started early and was a long day. The first call came at 5:30 a. m. and was found to be a barn near Sixth and Pacific, outside the city limits. It was a small structure and contained about two tons of loose hay. The origin of the fire was a mystery but it is not likely to be investigated as there was no insurance on the building, according to report turned in by the fire company. It has been surmised that heating of the hay resulting from imperfect curing may have been the cause, or it may have been ignited from the pipe of some tramp who spent the night there.

The second call which was received at 11:30 a. m. summoned the fire laddies to a grass fire on North Adams street. No one in the neighborhood could tell how it started, but the supposition was that some carelessly thrown cigarette was the cause.

The last conflagration was an automobile which caught fire on Colorado near Adams. It was a Cadillac numbered 349,000 which has recently been completely overhauled and re-wired. It belonged to Luke Wood, of 2905 South Hoover street, who was driving along in perfect security, as he supposed, when flames burst out. Passing autoists came to the rescue with hand grenades and extinguished the blaze but not before the dashboard and top had been consumed and the paint burned off. The cause was diagnosed as a defective ignition system for which the mechanic who did the repairs may have been responsible. Anyway, it happened through no fault of the owner though it will cost him \$100 or more to replace the loss.

Later

Since the above was written the Evening News has heard directly from the owners of the burned barn, Mr. and Mrs. H. F. Fryer, of 1424 North Pacific avenue, who have given the details of their great misfortune.

While not a new barn, it was commodious and had just been re-roofed. In it were stored a fine equipment of carpenter's tools and stock of farm implements, including a disc harrow which cannot be replaced for less than \$100; also the fall crop of potatoes raised by Mr. Fryer and seven or eight tons of alfalfa hay raised and harvested by him.

The blaze was discovered by them almost at once as they were sleeping in a tent bedroom, not far distant, and they declare it started at the top of the hay mow at the rear of the building. They are confident it was set by some tramp who was smoking or who lighted a match for

GLENDALE, CALIFORNIA, MONDAY, DECEMBER 31, 1917.

NEW YEAR'S GREETING

At the closing of the year it becomes appropriate and a pleasure for the management of the Evening News to cast his memory back over the past year and recall the many courtesies and the substantial patronage that have been given the local daily paper by the advertisers and subscribers of the city. Now as the New Year opens it is our earnest desire to be in a position to give excellent service and in doing this we feel sure that our efforts will be appreciated by the people.

To one and all we extend a happy New Year's greeting.

A. T. COWAN, Publisher.

HORSE SHOE CLUB NOTES

The annual meeting of the Club was held Saturday, December 29th, and the following officers elected for the year of 1918:

President, J. D. Porter.

Secretary-Treasurer, W. H. Nicoles.

Captain of Playing Teams, G. L. Head.

Directors, (3 in number) G. L. Head, S. E. Blatchley, H. M. Holman.

Membership of the club consists of 45.

A record breaking series of five games was played on the home grounds by members of the club Dec. 27th.

Blatchley and J. D. Porter, vs. Bruce and Pettit. The game went as follows: Bruce and Pettit won 3 games out of the 5, making 89 points and scoring 97 ringers. Blatchley and Porter, 2 games, 85 points, 91 ringers. Total points 174, total ringers, 188.

It will be noted that there were more ringers scored than points made which I think has never been equalled. Also out of 188 ringers made 140 of them counted as dead ringers.

The game in detail:

	Points	Ringers	Ringers	Dead
Blatchley	50	46	31	
Porter	35	45	38	
Bruce	45	55	40	
Pettit	41	42	31	
Total	174	188	140	

Blatchley and Pettit contested each other, and Bruce and Porter contested.

Saturday, January 5th, we expect the celebrated Pomona club for a match of 50 games on the home grounds. The Orange Belt gang are one game to the good on us and we hope to even up with them. Everybody invited.

In the past the Glendale Club has played 15 contested games with different clubs and won 10 of them.

W. H. NICOLES.

PART OF YOUR BIT

The second meeting of the Glendale Home Garden Society was held at headquarters, 1017 Broadway, Saturday evening. There are to be no slackers the coming year in home gardening and the responsibility is not to be placed entirely on the shoulders of the children. The past year the drive began after the rains were over and there was a crop of weeds already started and the soil was not in shape for planting. The weekly meetings of the society are held not only to urge the people to Hooverize their lots but to show them the right methods, such as the time for plowing and the proper way to lay out the work. We learn best by experience and the Glendale men who know how are ready and willing to help all who desire to receive it. United efforts will save time and loss and thereby get results. The next meeting will be held Saturday evening January 5, at 8 o'clock.

GLENDALE'S THEATRICAL ADVANTAGES

"Barbary Sheep" as presented at the Palace Grand is a beautiful picture play and delighted the big audience which came out to see it. Any one who enjoyed the "Garden of Allah" would take pleasure in this because the story is by the same author, Robert Hichens, and the scene is the same, the edge of the great Sahara Desert, with caravans of camels and Arabs playing a conspicuous part.

Glendale does not always realize what a tremendous advantage it has

over most suburban towns, or, for that matter, over most of the small cities of the coast in the quality of its film attractions, for Mr. Jensen declares and demonstrates that he considers "Nothing too good for Glendale, no matter what it costs." As a result of this enterprising and public spirited policy he is building up a very large patronage of regular attendants who come six nights in the week to witness the fine plays he is featuring. He says the expense of his house has vastly increased within the past six months because of the quality of his productions which are high class and which he secures as soon as the Los Angeles houses have them. But, having accustomed his audiences to such films, he cannot now go back to the sorts which satisfied them twelve months ago. He is ambitious, too, and wants to be at the top. Therefore he is to be commended and Glendale is to be congratulated.

GLENDALE FIRST, ALWAYS

Geo. Merz, of Los Angeles, was

making a brief call on a Glendale

friend, Fred Thompson, 1314 West

Fifth street, Saturday and happened

to mention that he was going back

home to buy an auto of a certain

make. "Why not buy it in Glendale," asked Fred. "I'd just as

leisure," said his friend, so Fred took

him over to the Glendale agency of

the car wanted and the sale was soon

effected. We cannot commend too

highly this attitude of Fred's. Let's

all take a note and always urge

everyone to "Buy it in Glendale."

BUSY SOLDIER BOY

Burt Richardson of 805 S. Central avenue, has been mighty busy since he landed in Glendale from across the sea. He held open house for a few days showing and explaining the many relics from bloody European battlefields brought home with him, and then he gave his services freely in talks before the Friday Morning Club, Y. M. C. A. headquarters in San Pedro, Pasadena and Los Angeles clubs and in other places. People are eager to learn of the places where their own boys may soon be engaged.

FUEL CONDITION

Albert E. Schwabacher, Federal Fuel Administrator for California, issued today the following statement in relation to the conservation and available supply of coal.

The war has created a demand upon the United States for one hundred million extra tons of coal this year. About fifty million tons more coal is being mined in the United States this year than ever before, yet the increased production will not supply more than half the increased demand. The remaining fifty million tons needed to support war activities, and to keep our people warm will have to be saved, shovelful by shovelful, through patriotic care in American factories and homes. The stretching of the available amount through conservation is the only solution of the problem.

Coal conservation, therefore, has absolutely become a patriotic duty. The man who wastes coal wastes not only fuel, but labor and transportation, both of which are so essential to the winning of this war.

With every shovelful of coal carelessly used he lowers the efficiency of the men on the firing line, he reduces the speed of the submarine destroyers, he diminishes the force of the bullet or shell, he slackens the speed of the munition plants; in brief, he forces the country's already overburdened transportation facilities to make announcements.

Save a shovelful of coal each day. In this way you will be doing "your bit" to help win the war.

ALBERT E. SCHWABACHER,
Federal Fuel Administrator for California.

SCOUT PARTY

Troop 2 of Glendale Boy Scouts will be entertained this evening at the home of Sidney Chambers, one of the Scouts, at 860 South Glendale avenue. No regular program has been arranged but there will be music and probably a good many Scout stunts of one sort or another. The troop is planning considerable work for the coming year, but is not yet prepared to make announcements.

BREAD SITUATION MIXED

The 16-ounce loaf of bread authorized by the government is gaining no headway in Los Angeles or any of its suburbs, chiefly because the 24 oz. loaf sells at 10c retail in so many stores. In San Francisco and surrounding territory the almost invariable price is 10c for the 16 oz. loaf and 15c for the 24 oz. Los Angeles and Glendale bakers both claim that a 24 oz. loaf for 10c means an actual loss to the baker in view of wage conditions and the price of all materials.

Meantime the consumer isn't kicking a bit at the 10c price for a 24 ounce loaf.

Argentina ought to start the new year right by striking the name of the Kaiser from her list of callers.

JUNIOR CLASS DANCE

Tonight the Juniors of the Union High School give their annual New Year's dance, and they are very busy now with preparations for the great event. They hope it will yield something for their class fund, but are not counting on a surplus though they expect a large attendance, as everybody is invited and it will be quite informal. Miss Ruth Ryan is chairman of the decorating committee and Pete Powers will have charge of the punch, which will be the only refreshments served.

The decoration of the windows will suggest snow and winter, while the interior will be typically Southern Californian with plenty of pointsettias in evidence reinforced by red and green streamers.

There will be a regular program of twenty dances and four extras, and the Jazz Band will furnish the music. It is expected to begin about nine and end about 3 a. m., after the infant New Year has been welcomed and put to bed.

NOTICE

To all boys between the ages of 12 and 18 who are Boy Scouts or wish to become so, a meeting will be held next Friday night, January 4, at 7:30 in the High School auditorium, for the purpose of organizing new troops in Glendale. The meeting will be conducted by District Commissioner, Charles B. Guthrie. All boys are urged to attend.

KENNETH WHALEY,
101t4
Troop Reporter.

Personals

Farris C. Brown, of Ambulance Company 158 Linda Vista, is home on a New Year's furlough.

Will Theobald, 1564 Oak street, went down to San Pedro today to look for work in the shipyards.

Mrs. Harry Horn and children and her mother, Mrs. Sheehey, of 771 S. Brand, are visiting in Long Beach this week.

Riley Lyons, formerly in the grocery business on Broadway, is now working in the supply department of the San Pedro shipyards.

Ralph Tipton, 1011 West Fifth street, who has been home from Berkeley Aviation School for a two weeks' visit, returns to school today.

C. P. Bryce, Arizona state agent for a big life insurance company with headquarters at Phoenix, is at his home on South Kenwood for a short vacation.

The musical talent of the Glendale Sanitarium will give an open air concert on the spacious lawn of the institution this evening at 7 o'clock. It is free to the public.

R. C. Udell and family of 502 Orange Grove avenue, will spend New Year's day in Pasadena, their old home. Mr. Udell is one of the Chaffee Grocery Company's efficient salesmen.

Rev. Theodore Hopping, of La Crescenta, tells the News that his son Theodore D., though too young for the draft, is in the service of Uncle Sam, having recently joined the Quartermaster's Corps at Fort McDowell, Angel Island.

Glendale police have been appealed to in connection with the disappearance of Max Huber, a deranged patient from Thornycroft, but members of the department have been unable to locate him and are convinced that he is not in Glendale.

Big Jim Jeffries, who now uses his mighty thwabs and sinews in subduing the soil instead of his fellow man, was in Glendale Saturday resplendent in straw hat and blue overalls prosaically loading some pipe on a truck to convey to his San Fernando Valley ranch.

Mrs. K. R. Sterling, whose residence is at 141 W. Tropicana avenue, but who was removed to the Mission Rest Home, at 525 North San Fernando boulevard for treatment a few weeks ago, has been so ill that her life was despaired of, but is rallying again. One of her sons is also very ill.

Mr. and Mrs. Warren Roberts, of 707 West Seventh street and Mr. and Mrs. Charles Farnham and daughter Josephine of 528 S. Jackson, will be among those who will witness the parade at the Pasadena Tournament of Roses Tuesday and the football game in the afternoon.

W. B. Kirk is today enjoying the annual "feed" and fellowship of the Southern California Agents of the Provident Life and Trust Co., at the Lankershim Cafe, as guests of Vall and Eldredge, general agents. The Provident has had the best year's business in its history, having written over sixty millions of new insurance of which the California agency produced more than three millions.

Mrs. Isabella Peabody, who resided in Tropicana for several months at 301 N. Glendale avenue, is now at Walnut Creek, California, under the care of physicians at the Blumenberg Sanitarium, as the result of a nervous breakdown. She misses her Tropicana friends and is anxious to keep posted in regard to the city and its affairs in connection with Greater Glendale.

The Jolly Dozen Club will be entertained for luncheon and the afternoon next Thursday at the home of Mrs. Leo Lundy of Forty-Second Place, Los Angeles. All members of this club of twelve ladies are of Glendale except Mrs. Lundy. It is an informal organization which meets for social visiting and needlework, twice a month on Wednesdays, but because of New Year festivities the date was made a day later.

The Red Cross is the cross of duty and service, and we should all assist in raising the fund represented in a large membership. There can be no better way of investing our surplus coin.

GLENDALE'S FLOAT

THOMAS M. SMITH WRITES

Buffalo, N. Y., Dec. 26, 1917.
Mr. A. T. Cowan,
Glendale, Cal.

Dear Sir:—I have been looking over the new "Glendale Sentinel-Progress" and it occurred to me that my subscription to the "Tri-City Progress" had expired.

I congratulate you on taking over the Tropicana Sentinel and merging it with your own paper and making it an up to date Quality Weekly Paper.

During absence from our home in Glendale over a year ago many changes have taken place. Our country entering the war was a great thing but the wise thing to do and I have great confidence that before very long the Kaiser and his associates will change their minds about the fighting qualities of Uncle Sam's brave boys. I am very much interested in this horrible war. I have three sisters in Scotland who each have boys in the fighting line in France (two have given their lives.) In Pasadena I have two nephews serving Uncle Sam, one in the Army and the other in the Navy. I notice your son has joined the Aviation branch. I notice also, that Glendale has done remarkably well in the recruiting line and that the Red Cross seems very enthusiastic in its work.

I notice also that Tropicana at last has joined Glendale in wedlock. It was a puzzle to me that they kept apart so long with interests practically the same. What about Casa Verdugo? Have they not come in yet?

I had expected that Mrs. Smith and I would be home before this time, but my recovery (from the terrible accident I had in Pasadena over 20 months ago) has been extremely slow, that is from my point of view, but from what the doctor says, I am a miracle to be as well as I am. But I am gaining in strength and absolute rest and lots of patience will bring back my nerves to normal condition. We had a very heavy snow storm about two weeks ago, something like twenty to twenty-five inches. For a day or two business was practically at a standstill and hardly a street car running, but the snow is gone again and the weather is fine. Well this is the longest letter it has been my pleasure to write. My head usually gives out on account of the nervous condition. I enclose a check of \$1.00 for the "Glendale Sentinel-Progress" for the coming year. With best wishes and the season's greetings in which Mrs. Smith joins,

Yours very truly,
THOMAS M. SMITH.
24 Brantford Place.

EXEMPTION BOARD IS SHORT-HANDED

At exemption headquarters this morning there was dismay when it was learned that Chairman Lanterman was confined to his home by illness and would not appear today. Mrs. Jackson, chief clerk, was present, however, and has kept things moving in her department although she is almost snowed under with letters to be written to registrants instructing them to appear before the Board and correct or complete their Questionnaires. And by the way, a big stack of Questionnaires was delivered by the postman this morning and they are coming in such large numbers by every mail that Board members are going to have their hands full checking them over and classifying the registrants.

Olin Spencer and Mr. Mackay were the only members of the legal advisory board who were present the fore part of the morning and they were more than busy as registrants came thick and fast. R. D. White arrived before noon and at once set to work. Other members of the Board are expected to be present to help out this afternoon and clear the congestion.

SUNDAY SERVICES AT CHRISTIAN CHURCH

Pastor Cole's morning sermon was a review of the past year with an exhortation to put behind the memory of wrongs suffered and be content with the achievements for the right. In the evening the subject was "Turning Over a New Leaf" and was practically a continuation of the morning sermon, and an exhortation to have every minute of the coming year count for good to God and felowmen.

BRIGHTER BUILDING OUTLOOK

George H. Bentley, of the Bentley-Schoeneman Lumber Co., is quite optimistic over the building outlook for 1918. With wages advancing and food prices stabilized we begin to know "where we are at," and people who have been putting off building will be encouraged to proceed with their plans.

MANUAL TRAINING SCHOOL

An addition is being made to the Adventist school, Sanitarium block, in the shape of a manual training department. A substantial new room with concrete floor, has been provided and the new work will begin this week. All kinds of sloyd work for the boys and sewing for the girls will be taught. This is a substantial addition to the educational facilities of Glendale.

PHILANTHROPIC SECTION

The Philanthropic section of the Tuesday Afternoon Club will meet Wednesday afternoon, January 2 at 2 o'clock at the home of Mrs. George W. Scott, 616 Lomita avenue. Mrs. Scott will be assisted in entertaining by Mrs. H. H. Martin.

Very Satisfactory, Indeed

RETREATING HUNS SET "MURDER TRAPS"

By W. S. FORREST
(United Press Staff Correspondent)
WITH THE FRENCH ARMIES IN THE FIELD, Dec. 5. (By Mail).—Probably the world's record for death-trap treachery was established by the Germans in their forced retreat from the Aisne.

Thanks to their previous knowledge of snares usually left behind a retreating German army to catch the unwary, French troops maneuvered with slightest loss but through no fault of the enemy. Scattered everywhere in abandoned dugouts, trenches, houses, stables, wire entanglements and on roads were concealed a conglomeration of cunningly arranged slaughter traps without parallel in civilized warfare.

Dugouts freshly abandoned were found literally filled with traps. A long, narrow branch barring the way to an entrance would, if removed, produce an explosion in the shelter a few moments later. An innocent looking book on a table would detonate a charge if touched. Coal in conveniently filled buckets proved, on examination, to be literally mix-

ed with high explosives. Stovepipes were charged to blow up if a fire was started. Telephone wires seemingly leading to a connecting room were in reality wires connecting a hidden mine which blew up if the wires were touched. Nails driven in walls were equally dangerous if anything came into contact with them. A shovel leaning against a wall connected wires with explosives. A chair would blow up if sat on. Various objects casually lying about—tools, pieces of metal, helmets, fragments of shells, artificial flowers and all kinds of apparently abandoned souvenirs were murder traps. To open the door of a dugout or to push aside some branches or a sack placed there to obscure the doorway would detonate a carefully prepared charge. Window weights were hung so they would fall on a box of detonators if disturbed. Nails were driven on stairways so as to be literally triggers for mines.

In the trenches abandoned pieces of clothing or equipment of most any kind connected with grenades; harmless looking telephone wire exploded buried mines, the barbed wire of barricades was on hair-trigger contact with heavy explosives and many other cunning traps were laid for the uncareful.

Barbed wire entanglements in some cases were found cunningly camouflaged so as to be difficult to distinguish and when tripped over became a veritable ambuscade.

Roads that appeared in perfect condition were examined and found to conceal many traps. One trick consisted of a chamber under the roadway with a very thin roof. A heavy shell was placed in the chamber so that the detonator was touched when a weight passed over the spot. Another trap was arranged to allow the troops to pass safely but would blow up when an automobile, gun or transport wagon passed. Entire cases of explosives were found buried a few inches under roadbeds.

Experience has proved that when the Germans leave a private house or public building intact it is usually a danger spot. Here explosions are retarded by means of clocks which sometimes tick away for over a week before they set off the fatal charge. Small mines are liberally hidden in floors, ceilings and walls. Many times a fuse is suspended in the chimney so that it will eventually be ignited and communicate the spark to a concealed mine. Sometimes a picture is left tilted on a wall with the Teutonic hope that some person disposed to neatness will set it straight.

Proof is not lacking, it was learned today, that the enemy has contaminated wells on the Western front and that he has left poison behind him in the guise of flour. The same applies to fodder, oats and bedding in stables since an attempt to start an epidemic of glanders has been discovered. Before stables, left by the enemy, are occupied by the horses and mules of the French army, all the German fodder and bedding is burned and the stables are thoroughly fumigated. However, even the stables are not immune to explosive death traps. Grenades are placed in the ground and a brick is carefully placed over the fuse. Then the trap is covered with straw and the least pressure makes the explosion.

Wells are usually destroyed by the Germans but when left intact French soldiers are forbidden to drink from them until the water has been chemically analyzed.

A complete record and study of German murder traps has been transmitted to the headquarters of the American army in France.

Get out your New Year resolutions: dust off the moth and get ready to try them for 1918.

Among other conservation we ought to guard against the waste of words. The advice has universal application.

NEW THOUGHT CENTER

Mrs. Anna W. Mills, who for many years lectured in England and Australia, delivered the Sunday morning address in Masonic Temple, emphasizing the words of Jesus "Neither shall they say Lo here! or Lo there! for behold the kingdom of God is within you."

The Bible is being read more today and with a better understanding of the underlying principles. The kingdom of heaven is not a place away off nor outside of your self but within you.

Man is the greatest imaginable being created, not a worm of the dust, but a spiritual, divine image of God. Christ devoted his whole being to the soul of man, to the life of man.

Unless the mind of man responds to the teachings of Jesus, the kingdom of God cannot dwell within him.

The body of man is more marvelous than the solar system, but not so wonderful as is the mind, the home of his thoughts. He must realize that he is a spiritual being. The mind of man has stated that the time of Christ's coming is near, but it has come, it is within you. God's time is fulfilled when we enter into God's kingdom—it is within each one.

Jesus said "My Father and I are one." The Father is Spirit, Life, Infinite, Eternal, Holy and Love. The mother love stands one with the Father. He is the Father of protection. The Universal presence is here with us which is the kingdom of heaven.

We must stop calling ourselves mind of darkness and saying we are born of the devil. We are spiritual, divine. Sin means mistake, we must overcome sin and be born of the Spirit as Jesus said to Nicodemus "Except a man be born of water and of the spirit he can not see the Kingdom of God." Now is the time to repent and be born again, not of the flesh which is flesh, but of spirit, of divine love, cast aside all thought of fear, sickness and evil. Repent for the kingdom of God—the kingdom of light is at hand, follow Christ's teachings. He who rules his own mind, who knows his own righteousness, is greater than he who takes a city. Live in the spirit, and all will be added for your needs, all that you can use will be given unto you.

Enter into the silence many times holding the thought, The spirit of truth is within me, a new power will come to aid you when the door of your mind is open, and relief will come to the earnest truth seeker.

The kingdom of heaven is at hand, hold firmly onto your birthright. When you lay to rest hold the thought I sleep in Thy loving care. In the morning say, I waken in Thy love and thank Thee for thy protection. I respond to Thy call. I am going to realize that I am faithful and fearless, to appreciate myself and know that the kingdom of God dwells within me. When we learn the better, the Christ spirit will develop.

FOREIGN MISSIONARY MEETING

The Women's Foreign Missionary Society of the Tropicana Presbyterian church was held at the home of Mrs. Frank Ashton last Thursday afternoon. A returned missionary from Bogota was the speaker. A few items of business were transacted and then refreshments and a social hour were enjoyed.

CERTIFICATE OF BUSINESS Fictitious Firm Name

The undersigned do hereby certify that they are conducting a business of selling automobiles, accessories and automobile supplies at 545 Brand Blvd., Glendale, California, under the fictitious firm name of Packer & White Auto Co. and that said firm is composed of the following persons, whose names and addresses are as follows, to-wit:

STEPHEN C. PACKER, 1462 Riverdale Drive, Glendale.
